

**Rising Stars Awards 2021:  
Sponsorship Opportunities  
with Jersey Finance**

**10 September 2021  
Royal Jersey Showground**

# Creating Opportunities

As the voice of the international finance centre, Jersey Finance believes it is important to engage with and inspire the next generation of finance professionals in our industry. Following our successful launch in 2020, we are delighted that we will once again be hosting the Jersey Finance Rising Stars Awards 2021. This is a fantastic opportunity for our Members to reward and recognise the young Jersey talent within our industry through this prestigious annual event, celebrating their successes and their achievements.

We are pleased to be able to offer our Members the opportunity to sponsor an awards category at this event, giving you a platform to showcase your brand and reflect your commitment to the development of the next generation of talented finance employees.

## What is the Jersey Finance Rising Stars event?

Managers/Line Managers in our Member firms will soon be able to nominate their younger staff members (18-30 years old) for their outstanding achievements in their area of work in the finance industry in Jersey. Nominations will open in March 2021 via an online nomination form and all entries will be reviewed and shortlisted by a panel of three independent judges throughout May 2021. Voting will open to the public via the Jersey Finance website and all shortlisted will be invited to an awards ceremony on 10 September at the Royal Jersey Showground, where the winner of each category will be announced.

If you would like to take up a sponsorship opportunity, please contact Jasmine Hamilton using the details below.
